

Screwless End Stops for DIN-35 Rails

Screwless end stop

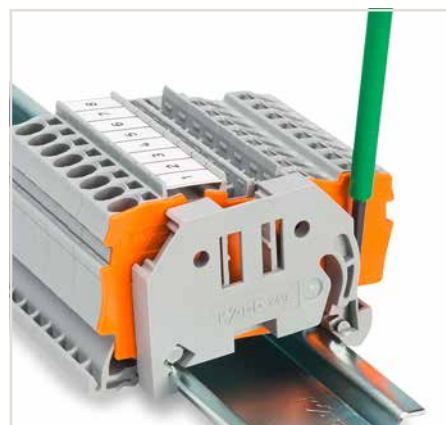

Simply snap on.

	Item No.	Pack. Unit
Screwless end stop, for DIN-35 rail, 6 mm wide		
 gray	249-116	100 (4x25)
Screwless end stop, for DIN-35 rail, 10 mm wide		
 gray	249-117	50 (2x25)

That's it!

Removing an end stop from the DIN-rail.

[illegible]

Snap on – that's it! Assembling the new WAGO screwless end stop is as simple and quick as snapping a WAGO rail-mount terminal block onto the rail.

Without any tools!

This allows rail-mount terminal blocks to be safely secured, at low cost, against any movement on all DIN-35 rails per DIN EN 50022 (35 x 7.5 mm; 35 x 15 mm).

Entirely without screws!

The "secret" of the excellent tight fit lies in the two small clamping plates that keep the end stop in position, even if the rails are mounted vertically.

Simply snap on – that's it!

In addition, costs are significantly reduced when using large numbers of end stops.

Additional benefit: Three marker slots for all WAGO rail-mount terminal block markers and one snap-in hole for WAGO adjustable height group marker carriers offer individual marking options.
